

Ferdinand A. Samarro Jr.

Software Development Internship Seeker

ferdinandasjr@gmail.com | 09856226358 | Calbayog Samar, Philippines

Objective

Seeking a Software Development Internship to apply programming skills and contribute to real-world projects in a collaborative team environment.

Skills

Java, C, C++, JavaScript, HTML5, CSS3 | Mongodb, React.js, Express, Node.js, Tailwind CSS | Git, GitHub, VS Code, Data Structures, OOP, REST APIs, Algorithms | Figma

Education

B.S. in Computer Engineering (3rd Year)

Aug 2024 - May 2027

GPA 1.69 ($\approx$ 89%)

Northwest Samar State University

Certifications and Training

C language - Programming Essentials | Cisco Networking Academy

Achievements

Champion | SCHOOL CPE CHALLENGE | QUIZ BOWL COMPETITION

Participant | REGIONAL CPE CHALLENGE | ICpEP.SE R8

Project Experience

QuizGame | Mongodb, Express.js, React.js, Node.js (MERN Stack)

A fullstack quiz platform for users to take quizzes securely with advanced features.

- Built a fullstack quiz platform with JWT authentication and protected REST APIs
- Developed responsive UI with Zustand state management and real-time quiz creation
- Implemented secure user auth with bcrypt password hashing and cookie-based sessions

QuickSched | Mongodb, Express.js, React.js, Node.js, Meta Graph API

A tool that simplifies scheduling posts on Facebook.

- A modern and responsive scheduling tool designed to streamline Facebook post
- Developed to automate scheduling post using Graph API by Meta Developers
- Implemented CRUD operations for quizzes and users

Smart Note App | React.js, Tailwind CSS, Vite, Express.js, MongoDB, Groq API

An application to help users manage their notes with AI assistance.

- Built an AI-powered note-taking app for creating, editing, and organizing notes
- Integrated Groq API for AI-based note suggestions and summarization
